TAKE THE "HARD" OUT OF "HARD"WARE!

FRIDAY, JUNE 22nd

9:00 AM - 11:30 AM

Join us for breakfast and networking before the seminar at 8:00 AM.

*Lower Level Conference Room

Hosted by:

GET A HANDLE ON YOUR HARDWARE LIFECYCLE

+ **Switches:** Borderless Networks, a Cisco next-generation architecture for agile delivery of services and applications, delivers a new workspace experience.

CJ Juarbe
Marketing Manager
at Datacore Consulting, LLC

Guest Speaker:

Jeff Semenas
Client Relationship Manager
at Datacore Consulting, LLC

+ **Firewalls**: The Future of Network Security: Cisco's SecureX Architecture

+ **Servers**: HP Proliant Gen 8, Transforming your Server Experience with customer-inspired innovation.

+ **Laptops**: Ultrabook, inspired by Intel 3rd Generation technology. Suddenly everything else seems old fashioned.

+ **Tablets**: These, thin, touchscreen-operated computers have become the weapon of choice for many computer users as they offer a great experience when browsing the web or using one of thousands of specialized apps.

**We Look Forward to
Seeing You at our
June Seminar!**

**Reserve your spot or for
more information, please
contact
CJ Juarbe at:
CJ@datacoreonline.com
Thank You!**
